

# LATTUTOP

*Heritage Collectibles, Custom-Made for Your Restaurant*

A LOOKBOOK FOR RESTAURANTS & HOSPITALITY

# We don't sell you a catalog. We design one character — for your restaurant.

Most restaurant decor is bought off a shelf — the same piece any other restaurant in the city could buy. We do the opposite: **every LattuTop restaurant collectible is designed around your concept**

Tell us your cuisine, your region, **the story your restaurant tells — and we design a character built specifically for it.** A Punjabi dhaba gets a Sardar Ji. A coastal kitchen gets a fisherman with his net. A Rajasthani thali house gets a turbaned desert figure.

Hand-turned wood, hand-painted by skilled artisans — the same craft tradition behind our corporate gifting and collectible lines, now designed to live in your dining room.

# The Desert Turban

## RAJASTHANI & DESERT CUISINE

Bandhani colors and a hand-tied sash — the warmth of Rajasthan's hospitality, carried in wood. Placed at a host stand or entrance, it sets the tone before a guest even sees the menu.

# The Fisherman

COASTAL & SEAFOOD RESTAURANTS

Net over the shoulder, boat on the horizon — painted with the quiet dignity of a working life at sea. A natural fit for a seafood shelf, next to the day's catch board.

## Sardar Ji

PUNJABI DHABAS & KITCHENS

Turban, beard, and warmth — a face that welcomes every table like family. Equally at home at a dhaba counter or a bar, wherever a restaurant wants a strong, cheerful greeter.

# The Family Set

FOR A FULLER SHELF STORY

Delivered for a Punjabi dhaba-style restaurant we work with — they wanted a full family on display, not just one hero figure. Group sets like this work well at a wider counter, a window ledge, or a feature wall.

# Built around your restaurant, not ours.

Each design begins with your restaurant's cuisine, region, and story, and is built from there — the character, the costume, the colour palette, all specific to you. What stays flexible after that:

## Quantity

A single counter piece as a welcoming presence at the entrance or host stand — or a full family/group set for a fuller shelf presence that draws a second look.

## Size

Our standard compact collectible for shelves and counters — or a larger 8–10" statement piece for an entrance, host stand, or feature display. Available on request, as a custom SKU.

*Every design starts with a conversation about your restaurant's theme, cuisine, and story.*

# From concept to counter.
